

## Title page

This page should provide:

- The name of the Scientific Department of the researcher.
- The full title of the proposal.
- The name of the author(s).
- The degree of the author; Master (M.V.Sc) or Ph.D. (Ph.D.) degree.
- The name of supervisors of Master or Ph.D. thesis.

## 1- INTRODUCTION:

- In this section the author(s) should provide an adequate background, avoiding a detailed literature survey or a summary of the results, and state the objectives of the work.
- The introduction should not normally be more than two pages.

## 2- MATERIALS AND METHODS:

This section should provide information on:

- Species of the animals used.
- Breed of the animal used.
- Total number of the animals used.
- Housing systems and regular management and care of the animals.
- Experimental design (experimental groups of the animals).
- Specifications, nature and suppliers of any materials, chemicals, or drugs given to the animals or materials used with the animals.
- Tests and techniques used in the study.
- Methods of sample collection.
- Methods of pain control - if needed.
- Guide to infection control and biosafety.
- Methods of hygienic disposal of dead animals & used hazard chemicals and materials – if applicable.
- Methods of euthanasia (animal sacrifice) - if used.
- Method of statistical analyses of the data.

### **3- REFERENCES:**

- List of references mentioned in the proposal.

#### 4- الملخص العربي:

- ملخص عربي لمقترح البحث (هدف البحث وملخص طريقة اجرائه) فيما لا يزيد عن صفحة واحدة.
